Jacinta Bennett
School Site Solutions
PO Box 2577, Wellington Point Q 4160

Dear Jacinta

Shortly after my appointment to Albany Creek State School I was asked by members of the School Community to take responsibility for the development of a new school web site.

As I wanted the development of the new web site to enthuse staff, students, parents and caregivers it was essential for me to find a web site developer who had an intuitive understanding of the dynamic nature of schools, the demands upon school staff and who would be prepared to offer qualitative and personal advice at each stage of development.

I am delighted to share with you that you have exceeded these criteria.

Throughout the development phase you provided immediate, personal and outstanding support. Jacinta, I have been delighted with the way you have engaged and empowered school staff to contribute significantly to the design of a new web site.

The outcome of your professional support and our genuine partnership with you has been the design of an attractive, functional and informative web site that has surpassed the expectations of the School Community.

I would have no hesitation in recommending School Site Solutions to schools seeking assistance to develop a web site that is intended to be a reflection of their mission, values and commitment to quality learning outcomes.

Thank you for your outstanding work. It has been and remains a pleasure to work with you.

Yours sincerely

Paul Kingston
