Dear Jacinta and Tara

On behalf of the students, families and staff of Mount St Bernard College I express our sincere appreciation for your generous support in ensuring our digital presence to the world is always first class!

Through your most practical of supports you enable us to clearly and engagingly communicate with school families and visitors alike. Most of our residential students come to us from remote indigenous communities of Cape York and the Torres Strait. Leaving their families and communities to pursue their secondary education comes at no small personal cost to them. Having our website constantly updated means it is continually a fantastic conduit between our school and the communities we serve. Receiving tangible support from the community – like the support *School Site Solutions* offers us – as our students strive to learn and grow is most significant.

Our students are grateful, and we are grateful for the support you offer.

Please be assured we will strive to honour the confidence you have placed in us through your support.

'Together we are keeping young Australians learning into 2011'

Sincerely
