TO WHOM IT MAY CONCERN

Over the past two years we have had the privilege of working closely with Jacinta Bennett and her business JB Web Services. St Benedict's is a new Catholic primary school which began in 2008 at Mango Hill. Jacinta's contribution and leadership in her role as our Web creator and designer has been instrumental in establishing and marketing our school to the local and wider community.

We have relied on Jacinta's confidence, competency and professionalism as we market our new school. Jacinta's expertise, efficiency and organization are a joy to work in association with as we promote our establishment. Her years of experience in schools has benefited greatly in the way she can share her knowledge and experience to enhance our website further.

Paramount to any website advice Jacinta has offered has been in consideration to our budget. Jacinta is extremely concerned with creating a true vision for our school and gives her all. This we believe is a reflection of Jacinta's own strong commitment to the schools and businesses she represents.

Jacinta is an effective communicator who values being part of a team, even though Jacinta works off site we feel her presence is only an email or telephone call away. Jacinta's attention to detail and efficient manner in which she addresses all tasks is commendable.

Jacinta's astute ability to adopt, adapt and implement any correspondence we sent her is impressive. Her dedication, commitment and genuine enthusiasm ensure she is priceless in this position. We would endorse Jacinta's business as she is a true professional, one who is always organized and has the needs of the educational facility or business she represents always close to her heart. If we can be of any further assistance please feel free to contact us.
